SUMMARY OF THE REASONS FOR DECISION:

The video recording entitled *Cumshot De Luxe* is classified as:
Objectionable.

This classification is due to the strongly degrading, dehumanising and demeaning manner in which the publication deals with matters of sex, in the form of explicitly depicted sexual activity that is intended to sexually arouse the viewer.

Cumshot De Luxe comprises a feature of the same name, three notices and three trailers. The feature and trailers all contain explicit depictions of sexual activity. The feature comprises fourteen main scenes, which apart from cursory introductory sequences consist entirely of explicitly depicted sexual activity between men and women.

The video recording depicts a moderate extent of highly degrading, demeaning and dehumanising sexual conduct. Even more than the actual conduct depicted, the manner in which the publication *presents* this behaviour degrades and dehumanises the female participants, and women in general to a high degree. The extent and degree to which the female participants and women in general are degraded and dehumanised has the effect of presenting, by implication, that women as a gender group are inherently inferior to men, as little more than sexual utilities to be exploited as a means by which men can reach sexual gratification.

The criteria applied by the Office Of Film and Literature Classification resulting in the limit on the availability of this publication are prescribed by law. This classification represents the minimum interference with freedom of expression (as affirmed in the New Zealand Bill of Rights Act 1990) that is consistent with preventing likely injury to the public good.
